

SMART Ink® 5.2

Introduction

When you connect your computer and your SMART interactive product, you can use SMART Ink® to write and draw in digital ink over open applications, files, folders, websites and any other open window on your computer.

NOTE

Features marked with this icon are available only if SMART Notebook® collaborative learning software is installed.

About the dynamic toolbar

With the dynamic toolbar, shown below, you can write and draw in digital ink, use SMART Ink Favorite Pens, take screen captures, convert handwriting to text and insert stamps. Although the dynamic toolbar works with the desktop and all applications, some of its options vary from application to application.

Writing, drawing and erasing

The procedures below work with newer SMART interactive products, such as SMART Board® 7000 series interactive displays and 6000 series interactive flat panels. For other SMART interactive products, see the [Help](#) for instructions.

To write or draw

1. Pick up the SMART interactive product's pen.
The dynamic toolbar appears.
2. Press **Pens** .
3. Select a pen, and then set the pen's properties.
4. Write or draw in digital ink.

To erase

Move the SMART interactive product's eraser over the digital ink you want to erase.

OR

Move your palm or fist over the digital ink you want to erase.

To clear all digital ink from a window

Press the SMART Ink window tools button , and then select **Clear Ink**.

NOTE

In Internet Explorer® and Chrome™ Internet browsers, this clears digital ink from only the current tab.

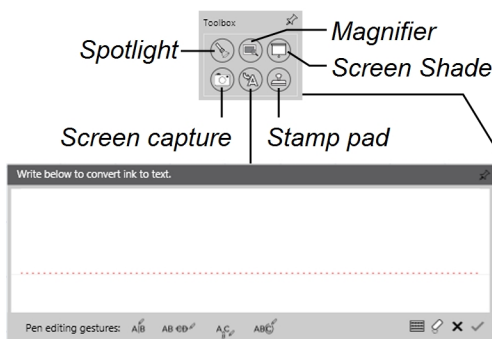

To convert handwriting to text

1. Press **Toolbox** , and then press **Text Conversion** .
2. Write in the window.
As you write, SMART Ink converts your handwriting to text.

Collaborating with others

The following SMART interactive products allow two users to write, draw and erase at the same time:

- SMART Board 7000 series interactive displays
- SMART Board 8000i-G5 series interactive flat panels
- SMART Board 8000i-G3 and 8000i-G4 series interactive flat panels
- SMART Board 6000 series interactive flat panels
- SMART Board 4000 series interactive flat panels
- SMART Board 800 series interactive whiteboards

Convert handwriting to text

Select a pen and set its properties

Use SMART Ink Favorites

SMART Ink 5.2

- SMART Board M600 series interactive whiteboards
- LightRaise® 60wi and 60wi2 interactive projectors

In addition, SMART Board 7000 series, 6000 series, 8000i-G5 series interactive flat panels feature Pen ID™: users can choose

 the colors and other settings for their pens independently using the dynamic toolbar.

Saving digital ink

You can save digital ink by taking a screen capture.

To take a screen capture using the Capture toolbar

1. Press **Toolbox** , and then press **Capture** .
The *Capture* toolbar appears.
2. Press the button for the type of screen capture you want to take.
3. If prompted, select what you want to do with the screen capture.

To take a screen capture using SMART Ink window tools

1. Press the SMART Ink window tools button , and then select **Capture Ink**.
2. If prompted, select what you want to do with the screen capture.

Using the stamp pad

To insert a stamp

1. Press **Toolbox** , and then press **Stamp Pad** .
2. Select a stamp.
3. Press where you want to insert the stamp.

To add a personal stamp

1. Press **Toolbox** , and then press **Stamp Pad** .
2. Press **Add** .
3. Browse to and select a picture file, and then press **Open**.

Using SMART Ink Favorites

You can use SMART Ink Favorites to save pens, stamps and tools for easy access. 

To add a SMART Ink Favorite

1. Press **Favorites** .
2. Press **Add** , and then select **Pen, Stamp** or **Tool**.
3. Select a pen, stamp or tool.
4. If you selected *Pen* in step 2, set the pen's properties.
5. Press **Add as favorite**.

Using the SMART Touch Inking Tool

 If your computer is connected to a SMART interactive product that supports touch recognition, you can use the SMART Touch Inking Tool to write or draw with your finger or an accessibility aid, such as a tennis ball. 

To start the SMART Touch Inking Tool, press the **SMART Board** icon  in the notification area (Windows operating systems) or the Mac menu bar (OS X operating system software), and then select **Show SMART Touch Inking Tool**.

Help

Refer to the Help for more information about SMART Ink.

To open the Help

1. Press the Help button  on the dynamic toolbar.
Four short introductory videos appear.
2. For more information, press **Learn more**.

You can also download the *SMART Ink 5 user's guide* (smarttech.com/kb/171190).
